Forecast for Saturday 20 Mar 2021

Weather: Mostly cloudy overnight with perhaps a few spots of drizzle. Then a cloudy start but becoming brighter from the north through the morning with sunny spells developing. However during the afternoon cloudier conditions return to many western hills. Dry through the evening with clear spells in east but west remaining cloudy.

Chance of cloud free mountain/hill tops above 600m: Close to zero at first, and in the west during the afternoon, but rising close to 90% across eastern hills by early afternoon.

Visibility: Occasional or periods of cloud above 450m to 600m at first and then in west during the afternoon, but gradually becoming just small amounts below summit level in the east. Away from cloud visibility good or very good.
